

# NOTICE

**Dear Valued Suppliers,**

**To combat the spread of the COVID-19 virus and to protect our employees and customers, NamPower has, as part of its internal measures, decided to temporarily close some of its offices countrywide until 17 April 2020.**

Although most employees will be operating from home during this period, measures have been put in place to ensure business continuity. Thus, the Finance Section will continue to process payments as normal. Suppliers are encouraged to send invoices and follow-up on payments via the following email address: **[creditors@nampower.com.na](mailto:creditors@nampower.com.na)**

We appeal for your understanding during this period, should our operations be slower than normal.

Should you need to contact us during this temporary closure, please call us at 061 205 4111 or email **[creditors@nampower.com.na](mailto:creditors@nampower.com.na)**

We will keep you updated on any changes regarding the situation.

We thank you for your understanding.

**Although we are facing challenging and uncertain times, we are confident that if we work together as one, we will overcome COVID-19.**
