

NAMPOWER WARNS OF PROCUREMENT SCAM

NamPower would like to warn the business sector and the public at large of fraudulent emails allegedly originating from the NamPower Board of Directors and the NamPower Procurement Unit, requesting for quotations and other documentation from prospective suppliers.

NamPower would like to caution its customers and the Namibian nation at large that these mails are fake and in no way originate from the company.

NamPower would further like to caution suppliers to be vigilant and not to enter into any type of business transactions/information exchange without confirming the authenticity of any contract with the utility. For verification, suppliers are advised to call the NamPower Procurement Unit on
