

NOTICE

NAMPOWER DEBT COLLECTION PLAN DEBT REPAYMENT INCENTIVE

NamPower's customers owe the utility over a billion Namibia Dollars, a significant portion of which amount is overdue. The situation has concerned NamPower for a considerable time, and we had several interventions with various Stakeholders in this regard. If this state is left without our further action, it will detrimentally affect our duty to supply electricity to the entire country on a sustainable basis. Despite past appeals to the customers with overdue accounts, very few are making an effort to settle their outstanding accounts. To encourage customers to settle their debts, the company has resolved to extend a debt settlement incentive whereby NamPower will write off the interest portion of the outstanding debt accrued over the preceding 12 months period in the event that the **customer settles the outstanding amount in full on or before 31 May 2023**. This incentive will be limited to interest charged on that specific outstanding capital amount up to a maximum of 12 months.

ELECTRICITY SUSPENSION OF DEFAULTING CUSTOMERS AND SCHEDULE

In consideration of the above and to limit the continued escalation of debts, **NamPower will commence with the suspension of electricity supply to defaulting customers starting 5 June 2023** unless the outstanding overdue amounts are settled before this date. Defaulting customers include all customers in breach of settlement terms as per the Power Supply Agreements as well as those who have defaulted on the extended settlement arrangements in place.

The following defaulting NamPower customers (as at the time of the placement of this notice) will be disconnected:

REGIONAL ELECTRICITY DISTRIBUTORS - REDS

NORED Electricity (Pty) Ltd

LOCAL AUTHORITIES

Municipality of Rehoboth
Municipality of Mariental
Municipality of Karasburg

To enable NamPower to continue delivering on its mandate, that of ensuring security of supply to the nation, it is important that customers honour their commitment of paying their electricity bills timeously.

THANK YOU: NamPower would like to extend its gratitude to the following customers who settled their outstanding accounts/made firm commitments to bring their accounts up to date:

Censored Okahandja Electricity (Pty) Ltd; Karas Regional Council; Lüderitz Town Council; Gochas Village Council; Witvlei Village Council; Municipality of Gobabis; City of Windhoek for Groot Aub and Brakwater.

NamPower regrets any inconvenience that the suspension of electricity supply might cause.
