#### OFFICE OF THE ENVIRONMENTAL COMMISSIONER

The General Manager  
Tullow Kudu Limited  
P.O. Box 86593  
Eros, Windhoek  
Namibia

Dear Sir or Madam

#### **SUBJECT: ENVIRONMENTAL CLEARANCE FOR THE KUDU GAS FIELD DEVELOPMENT OFFSHORE, NAMIBIA**

The Environmental Impact Assessment (EIA) and Environmental Management Plan (EMP) submitted earlier is sufficient as it made an adequate provision of the environmental management during your project activities. From this perspective regular environmental monitoring and evaluations on environmental performance should be conducted. Targets for improvements should be established and monitored throughout.

This Ministry reserves the right to attach further legislative and regulatory conditions during the operational phase of the project. From this perspective, I issue this clearance with the following conditions: Communication should be maintained with all key stakeholders and written consent obtained from them.

On the basis of the above, this letter serves as an environmental clearance for the project to proceed. However, this clearance letter does not in anyway hold the Ministry of Environment and Tourism accountable of any wrong doing, for insufficient information, nor any adverse effects that may arise from this project activity. Instead, full accountability rests with the proponent and his/ her consultants.

This environmental clearance is valid for a period of 3 (three) years renewable, unless withdrawn by this office.

Yours sincerely,

Teofilus Nghitila

**ENVIRONMENTAL COMMISSIONER**
