

Transmission Capital Projects - Design, manufacture, supply of High Voltage equipment

NamPower will soon be issuing several bids for the design, manufacture, and supply of high-voltage equipment and invites all potential and interested bidders to participate in an early engagement session.

Purpose of the Engagement

The objective of this engagement is to:

- Familiarize prospective bidders with NamPower's bidding requirements and documentation processes.
- Provide clarity on how to correctly complete bid documents.
- Offer prospective bidders the opportunity to ask questions or seek clarification on the bidding process.

This meeting has been necessitated by the fact that most recent submissions have been failing to pass mandatory and technical evaluation criteria. NamPower, therefore, seeks to use this engagement to guide prospective bidders through the process and improve the overall quality of bid submissions.

The engagement will take place online, and prospective bidders can access the meeting through the following link.

Date: 28 October 2025

Time: 9h00 to 12h00

Venue: Online (via Microsoft Teams)

Meeting Link: [Join the meeting now](#)

Meeting ID: 345 835 925 141 5

Passcode: 7c2EJ6di

The equipment Categories of interest are as follows:

- Power Transformers
- Reactors (air core and oil)
- Circuit Breakers
- Disconnectors
- Instrument Transformers, including Power VTs
- Surge Arrestors.

NamPower encourages all interested suppliers to attend and make the most of this opportunity to enhance their understanding of the bidding process and ensure compliance with submission requirements.
